REMEMBER THEM

יזכרם אלקינו לטובה

We are the witnesses to the stories and memories of the last survivors of the Holocaust. It is critical that we hear their voices now, vividly connect with their individual experiences, and accept and transmit their legacy to future generations.

Strike on Heaven is a poignant documentary that exposes the Third Reich's war on Yiddishkeit. Through archival footage, personal interviews with survivors and Holocaust experts the film tells the story of the Nazis' wholesale attempt to spiritually annihilate the Jews. The film ends on an uplifting note with the rebuilding and flourishing of Yiddishkeit in Eretz Yisrael and around the world which will inspire all of us to greater adherence to mitzvot and will help us strengthen emunah – particularly relevant to the Three Weeks – Bein Hametzarim period.
